

Asia

WHAT ARE WE LEARNING?

Where is Asia?

WHAT WILL SUCCESS LOOK LIKE?

A completed map investigation and factfile on at least one country

Are you points ready?

Silent Study Starter:

Read the Atlas page 52-53 on Asia and find out 3 key pieces of information

Where is Asia – atlas task

Use your blank map of Asia and, using colour and labels, fill in:

- The largest countries by area
- The largest countries by population
- Location of largest cities

Extension:

Use your Atlas Page 52-53 to find out:

1. What is the **highest mountain in Asia**, how tall is it?
2. The **range of mountains** that separates Europe from Asia
3. Which sea is **below** sea level?
Which city is **above** the arctic circle?

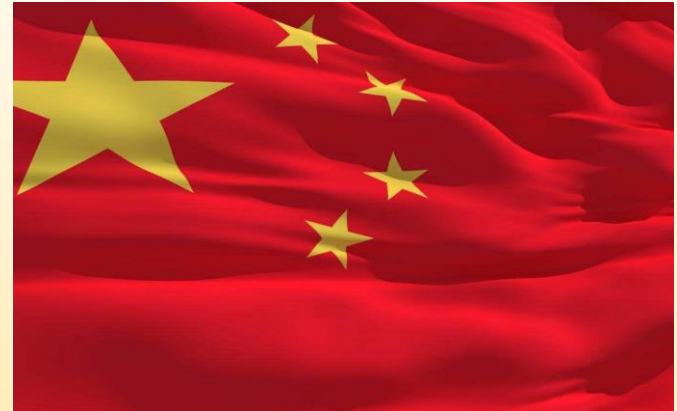

Country fact files

Use a laptop to find out the answers to these questions for a country in Asia.

- Population size
- Country Size
- Highest mountain
- Flag (for the top of your trading card)
- How old is the country?
- Right to free speech?
- GDP in \$ (value of all goods produced in a year)

Make top trumps trading cards.

Population: 1.4 billion
Area: 9600000 sq km.
Highest Mountain: 8850m
How old: 1250BC
Free speech: no
GDP: \$18trillion

**HAS OUR LEARNING
BEEN SUCCESSFUL?**

Plenary:
Editing.

- Carefully proof read your work and check you have used capital letters accurately.
- For ALL of your capital letters put a box around them.
- This includes any capital letters that you have missed.
- Do not correct your work, only put the box around them.

Capital Checklist

Capital letters are needed:

- ✓ At the start of sentences.
- ✓ For names.
- ✓ For places.
- ✓ Every time you write 'I' (as in I am).

Words we have used today that definitely need capital letters are:

- Japan

Additional Silent Study Starter

Use a mini-white board to draw one of the key facts we learned in last lesson.
